PLANT

HARVEST

The International show where Health, Beauty,  
and Wellness Proliferate

## Why Exhibit:

- A marketplace to serve the high demand within ASEAN and beyond
- Meet key decision makers from healthcare, fitness & beauty operations, who will be invited to meet you
- Opportunities for Thai and international manufacturers, producers/ service providers to showcase their latest products/services to target buyers
- Increase brand awareness & exposure to 10,000 target customers in 4 days

ORGANIZED BY  

Kavin Intertrade, a leader in the exhibition industry with 25 years of experience, has successfully launched and managed more than 10 international trade shows in the past two decades, including TFBO (franchise show), ASEAN Retail, Thailand Coffee Show, Pub & Bar Asia, and more.

## Innovation & Solution

TRAFS has continued to serve as the most effective face-to-face platform connecting manufacturers & importers with potential buyers

## Why Exhibit at TRAFS 2024?

- Showcase your products and services to industry professionals with purchasing power. Connect with hospitality professionals from over 20 countries seeking new products and solutions.
- Generate qualified leads and forge new business relationships.
- Establish your brand as an industry leader through targeted marketing and onsite visibility.
- Co-locate your brand with three international trade shows for retail, franchise, and pub & bar industries.

Join us at TRAFS 2024 and unlock the potential of the ASEAN hospitality market:

# AEC GATEWAY

Launched in 2017, **ACE GATEWAY** is an international trade channel with the goal to promote and expand the market base of Thai enterprises, products, and services to CLMV countries including Cambodia, Lao People's Democratic Republic, Myanmar, and Vietnam. AEC GATEWAY responds to business needs by offering services for media and publishing, online marketplace, and international event operations, all of which have gotten positive feedback from business operators.

However, the **COVID-19 pandemic in 2019**, which was caused by infection with a rapidly spreading, new strain of coronavirus, brought the world situation to become chaotic and the economy to be disrupted. This was because numerous governments had implemented lockdowns, resulting in nearly every nation around the world experiencing a simultaneous state of crisis.

After the **COVID-19** pandemic problem subsided later in 2022, trade and economy started to rebound. Entrepreneurs and businesspeople are searching for new markets to enter. This marks the relaunch of AEC GATEWAY, a marketing tool and channel for growing the market, boosting sales, and connecting Thai business owners with partners to expand their operations across ASEAN nations. With a focus on strategy planning, the creation of online media tools, and achieving desired results through marketing media and activities, this marketing tool combines and utilizes all available channels to effectively create brand awareness and increase access to target audiences.

The development of offline and online solutions will help companies and brands in CLMV nations connect with their target markets in a timely and effective manner. In this competitive and ever-changing environment, the BranDex team is prepared to support you in leading your company to achieve maximum benefits and widespread recognition. The BranDex team can ease your business mission if you them an opportunity to continue taking care of your business.
